

## IDG Metadata Specifications for:

### Peptide

**Importance** 1: Required, 2: Required if available, 3: Optional

IDG Field Name	Definition	Importance
Name	Name of peptide	1
Gene_symbol	Gene symbol corresponding to peptide	1
Gene_ID	Entrez gene ID corresponding to peptide	1
UniProt_ID	UniProt ID corresponding to peptide	1
Peptide_sequence	Amino acid sequence of peptide	1
Vendor	Name of the vendor/lab that provided peptide	2
Vendor_cat	Catalog ID of peptide from vendor	2
